

[China All different machine parts, Manufacturer, Supplier, Factory, Exporter in china](#)

All different machine parts description: We can supply customers with various mechanical parts: machine parts, auto parts, railway parts, marine parts, pipe fittings, medical equipment parts, various OEM parts, etc. The parts are made of ferrous/nonferrous material: cast iron, ductile iron, carbon steel, stainless steel, alloy steel, aluminium alloy, brass, plastic, rubber, Derlin and others. These parts are processed through investment casting/sand casting, aluminium die-casting, Plastic moulding/Injection, and precision machining, etc. We can manufacture and supply goods according to standards like: ANSI/ASTM, BS, DIN, NFA, JIS, ISO, etc. If you are interested in any of our series, please feel free to contact us now to get a reliable source to save much in buying.
